(B) Pooh’s encyclopedia

Once upon a time, a very long time ago, Winnie-the-Pooh and his friends bought an electronic encyclopedia, and tried to find answers to several important questions:

Winnie-the-Pooh:
Where should a bear stock his jars of honey?
How much honey should a bear store for the winter?

Eeyore:
Where should I look for my lost tail?
Which animals sleep during the winter?

Christopher Robin:
What is the shortest way from my place to the house of Winnie-the-Pooh?
Who wrote the books about Pooh Bear?

The encyclopedia’s search engine identified a number of articles related to their questions; for example, it returned the following matches:

Winter food storage (for Winnie-the-Pooh)
Sleep patterns in mammals and other animals (for Eeyore)
Short stories and movies about Winnie-the-Pooh (for Christopher Robin)
Writers of children’s books (for Christopher Robin)

On the other hand, the search engine missed several other relevant articles; in particular, it did not retrieve the following articles:

Planning of food supplies
Lost-and-found agencies
Finding shortest paths on a map
Biography of A.A. Milne, the author of Winnie-the-Pooh

Your task is to determine who received each of the following matches; two of these matches were for Winnie-the-Pooh, two for Eeyore, and two for Christopher Robin. Explain why:

Books about care and feeding of bears
Effects of honey on the sleep quality of humans and animals
Lost tales of ”Bulls vs. Bears” stock trading
Ways to look for lost things
Ways to store food in the house
Winter hibernation of bears and rodents
