## (P) Combining Categories in Tok Pisin (1/2) [15 points]

This problem is a follow-up to problem O and has to be solved after that problem. Tok Pisin (also referred to as New Guinea Pidgin or Melanesian Pidgin) is a creole language spoken in the northern mainland of Papua New Guinea and surrounding islands. It is an official language and the mostly widely used language in the country, spoken by over 5 million people.

Many Tok Pisin words come originally from English – its name comes from “talk” and “pidgin”<sup>1</sup> -- but Tok Pisin isn't just English. It has a distinct grammar and uses these words in different (but systematic!) ways.

P1. Below are sentences in Tok Pisin with a scrambled list of English translations. Match each sentence to its English equivalent.

1.	Brata bilong em i stap rit.	
2.	Ol i stap dringim wara.

4.	Em i ritim buk pinis.	
5.	Em i laik rit.

G.	He wants to read.
H.	They are drinking water.

P2. Translate the following Tok Pisin sentence into English:

Brata bilong mi i stap ritim buk bilong susa bilong mi.

---

P3. Translate the following English sentence into Tok Pisin:

Their sister wants to write a book.

---

<sup>1</sup>A pidgin language is a communicative system developed by two or more groups of people who do not share a common language. Tok Pisin started out as a pidgin but has since developed into a creole, a complex language in its own right.
