

## (B) Junk Mail: Letters We Don't Need (1/1) [10 Points]

Recently, a group of researchers decided that the alphabet had too many letters. The letters could not fit conveniently on cell phone keyboards, there were too many options when filling in crosswords, and children were wasting time chanting all 26 letters in the alphabet song. Luckily, the researchers noticed that many letters were unnecessary. For example, *p* and *b* sound a lot alike, so they decided to replace every *p* with a *b* (while every *b* remained unchanged). For example, *plug* would be rewritten *blug*, but *bug* would stay written as *bug*. They continued this process until they narrowed down the alphabet to just 9 letters. This writing system was named “Duw Ulbubud,” and the media went wild. Here is one of the headlines that ran that day:

WURDZ WULL BU ZBULLUD DUVVURUDDLU  
BUGUUZU UV “DUW ULBUBUD”

The article ended with the following words:

*Vur buddur ur vur wurzu, du drudzvurbud ulbubud wull bugu wrududg luug lugu u buzzludg zubblu uv ruddub luddurz. Wu zuzd uvu udu buzur gwuuzduud: uz ud zuzduvuud? Ugzbugd ludz uv gubbluuddz vrub buublu wu grew ub wud du uld zuzdub.*

**B1.** Rewrite each of the following words in Duw Ulbubud:

words:	<input type="text"/>	the:	<input type="text"/>
fifth:	<input type="text"/>	squeaky:	<input type="text"/>
jazz:	<input type="text"/>	bagpipes:	<input type="text"/>
vertex:	<input type="text"/>	calming:	<input type="text"/>

**B2.** One major problem with Duw Ulbubud is ambiguity. For example, after Duw Ulbubud was adopted, many people grew up assuming that the book *Moby Dick* was about a young bird. How is *Moby Dick* written in Duw Ulbubud? What were people mistakenly interpreting this Duw Ulbubud title to mean?

Title in Duw Ulbubud:	<input type="text"/>	Misinterpretation:	<input type="text"/>
-----------------------	----------------------	--------------------	----------------------

**B3.** TV shows began to use Duw Ulbubud's ambiguity as a source of humor. In one show, the main character texted two friends a message that was intended to say, “Give me a minute.” But then one friend handed her a fruit, and the other handed her a vegetable. What was the fruit? What was the vegetable?

Fruit:	<input type="text"/>	Vegetable:	<input type="text"/>
--------	----------------------	------------	----------------------

**B4.** Although the writing system was initially called Duw Ulbubud, people quickly shifted to a new name, *Zduvvu-Duzu Dulg*, a name based on how the words sound when read aloud. What does *Zduvvu-Duzu Dulg* translate to?

Translation of new name:	<input type="text"/>
